About the conference

The International Conference on AI-Driven Solutions in Management: Flexibility, Digitalisation & Decarbonization is jointly organised by IIM Sambalpur and the GLOGIFT Society - Global Institute of Flexible Systems Management - at IIM Sambalpur, Odisha, from 25 to 27 February 2027.

The theme joins three forces reshaping management at once - Flexibility, Digitalisation and Decarbonization - and asks how artificial intelligence connects them, so that enterprises become more flexible and more sustainable at the same time.

How to take part

Begin with a mandatory 500-word abstract submitted under the most relevant track, stating your intended pathway. Pathway A presents an accepted abstract without a full paper; Pathway B adds a double-anonymous full paper prepared with the published guidelines and templates. Choosing Pathway B keeps you on Pathway A until your abstract is accepted - after which you may continue with the manuscript or return to Pathway A and present on the abstract. Abstracts are reviewed by the Track Editor; Pathway B papers undergo double-blind review, and you are notified with feedback.

Submit and track your paper at glogift2027.in

Two ways to take part
